End-of-Year Concert Change of Date

Everyone, our end of year concert will now be held on Thursday 29th November at 6.15pm.

We apologise for any inconvenience we have caused to families for this change of date.

Grandparents' Day

Thank you to all the wonderful grandparents who came along on Wednesday to join us. What a fantastic community we have where so many grandparents came along and were willing to share their stories.

It was lovely for our students to sit and share a 'cuppa' and biscuit and hear the tall tales about what mischief their parents got up to or what sort of student dad was. My particular favourite - the **two** things grandad got into trouble for! Our grandparents and elders are the keeper of stories and memories within our families, therefore it is vital for us to all take the time to 'Ask gran not Google.' Ms Currie

Preschool Adventures!

This Thursday morning, the Kindergarten children will be walking down to Dunoon Preschool for a visit with the preschool children and their teachers. Mrs Slocombe and Ms Collins will be accompanying the Kindergarten students. The Year 1 students from the K/1 class will be participating in activities in the Year 1/2 class. Everyone is looking forward to having fun at preschool!

Terrific Writing

Year 1/2 students have been working on their descriptive writing. This week's prompt was the amazing survival story of turtle hatchlings!

Hatch goes the 1000 eggs. Some got eaten so there were 200 left. 200 green tiny turtles in the sea. Some sharks ate them and then there were 2 big turtles left.
By Daniel

Crack! A tiny turtle broke out of its shell struggling to get out. A seagull swooped down to get the tiny turtle but it missed. A huge wave came. The tiny turtle got carried in to the waves. It survived the dangerous beach, now it has to survive the sea with all the sea animals.
By Wynn

The baby turtle was trying to escape from a hungry dolphin. The smart turtle dodged the dolphin and made it to the heavy sea.
By Xavier

Crack, crack, crack! 800 of the eggs hatch. 200 of them are lucky. The 200 tiny turtles begin to dodge the huge scary creatures. 100 get lost and can't find their way back to the others. 20 of them get chased by a pack of sea birds. 10 get away but 10 get taken by the hungry sea birds. I think we should start talking about the ones that survived. Well, they got into the water alright but they got chased by a big hungry bull shark and got split up. Only 20 of them were able to breed. When they had bred they got back into the water but on the way the pollution was so bad that only 2 of them survived. Meanwhile the cycle was going on again.

Help Wanted-School Concert

We are sewing our last sequins and practising our performances for the end of year concert. Thank you to Andy who will do our music on the night. If anyone has any lighting that could be used for the night, that would be very appreciated. Also if anyone has a white suit coat to fit a Year 6 student or some fake gold jewellery for a disco performance that would be great. Please see Kim if you can help. Thanks!

Congratulations!

A Gentle Reminder

We still have outstanding text book fees (\$30 per child) and General Contributions (\$30 per child or \$50 per family). We have received payments from just over half of our families. It would really be appreciated if we could receive payments before the end of this school year.
Thank you
